

**HOMEBREW COMPUTER CLUB**  
**Fairchild Auditorium - Stanford**  
**7:30 - 10:30 p.m. Nov. 21, 1984**

**CROMIX and UNIX** - Michael Merchant will discuss the CROMIX and UNIX operating systems. CROMIX is the UNIX like operating system that you can tailor to your application. Cromemco, Mountain View, California has offered the CROMIX operating system for some time. They have recently announced that UNIX System V is available for their computers too. This meeting will be an excellent time to get a comparison between the two systems. It will also be a good time to learn more about the growing use of UNIX.

**HACKER'S CONFERENCE** - This conference was held just a few weeks ago and brought together some interesting personalities of the current computer generation or possibly the past computer generation. Lee was there and may be expected to present a report.

**FUTURE HOMEBREW MEETINGS** - The next Homebrew Computer Club meeting is scheduled December 19, 1984 at Turing Auditorium at the Jordan Quad, Stanford University. All meetings in 1985 have also been scheduled at Turing Auditorium on the 3rd Wednesday of each month, January 16, 1985, February 20, 1985, and so forth.

**NOTICE - DECEMBER MEETING AT FAIRCHILD AUDITORIUM, STANFORD MEDICAL CENTER.**

**Stanford University**
